The Voluntary Regularization 2024

Awareness and information mission to foreign banks

Alongside its information and awareness-raising actions covering all regions of Morocco, the Office des Change is active internationally with its partners abroad to successfully complete the Voluntary Regularization 2024 of assets and liquidity held abroad.

*I*t is in this spirit that a delegation from the Office des Changes held, on September 25, 2024 at the BNP premises in Paris, an awareness and information meeting with representatives of BNP Paribas in order to highlight the different aspects relating to the Voluntary Regularization 2024.

*T*his meeting, punctuated by a fruitful exchange between representatives of the two institutions, was also an opportunity for the Office des Changes to answer questions relating mainly to the operational aspect of this operation, in particular, the declaration procedure, the people concerned, the main facilities granted to declarants as well as the exchange and awareness system provided for this purpose.

*F*inally, the Office des Changes reminds all financial institutions and the people concerned that the Voluntary Regularization 2024, which will end on December 31, 2024, is a unique opportunity to regularize assets held abroad in a secure and advantageous environment .

*A*dditional information on the operational aspect of this regularization operation and on the declaration procedures are available on the website of the Office des Changes www.oc.gov.ma.
